April 15, 2004

Gary C. Rosenfield, President
RCS Rocket Motor Components, Inc.
2113 W. 850 N. Street
Cedar City, UT 94720

Dear Gary:

I am in receipt of your request to use the existing California State Fire Marshal (CSFM) licenses and model and high-power rocket motor classifications previously issued to AeroTech, Inc. My understanding is that those products previously listed with our office under the company name of "AeroTech" will now be marketed under the "AeroTech Consumer Aerospace" and "Econojet" trade names.

Approval is granted to continue use of the previously issued registration numbers for model and high-power rocket motor classifications. However, this approval is based on receipt of authorization from DOT to use the existing EX-numbers issued to AeroTech. Please forward that approval once received.

In addition, please submit a letter to our office requesting a name and address change so that our records will reflect the correct information. If you have not yet done so, you will be receiving a notice to renew your licenses for High Power Rockets and Model Rockets. Please submit those fees under your new name and refer to the name of "AeroTech" so that we can assure the proper coding to your company.

If you have further questions, please do not hesitate to contact me at (916) 445-8415. If you have questions on the renewal process, please contact Debbie Vehrs at (916) 445-8373. I can also be reached via e-mail at patricia.Williams@fire.ca.gov.

Sincerely,

A handwritten signature in cursive script that reads "Patty Williams".

PATTY WILLIAMS
Supervising Deputy State Fire Marshal
